LPF | LEVELING THE PLAYING FIELD

Mission: Leveling the Playing Field redistributes equipment to expand access and equity within youth sports and recreation programs in under-resourced communities.

Vision: A world with no sidelines

Meet Donovan Dennis, LPF Baltimore Program Director

Donovan has always had a passion for sports and giving back to the community. Originally from upstate New York, Donovan played lacrosse and football, going on to play club lacrosse in college. Donovan completed his undergrad degree at Buffalo State and went onto graduate school at Canisius College, now known as Canisius University. After graduating with his Masters in Sport Administration Donovan was given a fellowship opportunity with the Metro Atlantic Athletic Conference based in Edison, NJ. He then joined USA Lacrosse as their Diversity, Equity, & Inclusion Manager. During his time at USAL he worked with LPF to provide teams and organizations with lacrosse equipment for youth players. Donovan joined LPF in summer 2023 and is excited to continue working to connect the youth with sports.

Meet Brandon Wright, LPF Baltimore Program Associate

Brandon is a Baltimore native who joined LPF Baltimore as the Program Associate in June of 2021. He earned his degree in Media and Communication Studies from UMBC and has professional experience in the sports, higher education, and communication fields. Brandon found LPF's mission inspiring, as it aligned with his goal to give back to and empower Baltimore through sports. He quickly moved from volunteer, to graduate school intern, to full-time Program Associate in the span of seven months.

"We were able to start our first ever softball season this year with 4th-8th grade players that had no previous experience. Our catcher especially appreciated the protective gear, which allowed her to feel confident blocking the ball. We are so thankful to be able to play and to do it safely with proper gear!"

-The City Springs Elementary Middle School

"The equipment donations allow us to have lacrosse, field hockey, baseball, and softball programs! With the equipment donations our athletes and families try out for sports they might not have in the past because of the cost of equipment. Our families have expressed gratitude to your organization. Without donations from Leveling the Playing field we would not have these teams!"

-Lansdowne High School

COMMUNITY SCHOOL COORDINATOR DAY

LPF also hosted its 2nd annual Community School Coordinator (CSC) day in January 2023. As the social workers embedded in Baltimore City public schools, CSCs are regularly tasked with finding basic resources for their students.

In addition to sports equipment, LPF was able to gather new Under Armour apparel, backpacks, sports bras, socks, and other general supplies for CSCs to start their school year in the best way possible.

LPF relies heavily on volunteers in order to keep our warehouses organized and easy to navigate. Our help comes from local families, middle-schoolers, high-schoolers, college groups, and corporate groups alike. LPF Baltimore was excited to work with groups such as CareFirst Blue Cross Blue Shield, Constellation, SECU, Nutrabort, and many many more – all of whom volunteered their time at our warehouse in 2023.

We simply could not carry out our mission without the steady flow of helping hands inventorying and sorting gear in our warehouses week after week. Thank you for sustaining our work.

Collection Drives

Kids, families, teams, and companies in our community run collection drives throughout the year, helping LPF collect thousands of dollars worth of sports equipment. These collection efforts truly fuel our work and keep our warehouse stocked so that we can keep up with the high demand of gear from local schools and youth programs.

We want to thank everyone who collected gear for us in 2023 and hope to see you again soon!
