

Program Director - Greater Washington

About Leveling the Playing Field:

Leveling the Playing Field (LPF) is a nonprofit organization that brings access and equity to children in under-resourced communities to enjoy the mental and physical benefits of youth sports participation. LPF does this through the collection of used/excess sports equipment from schools, manufacturers, individual families, and others. After being inventoried and sorted by volunteers at the LPF warehouse, the equipment is then redistributed to a school, sports league, or other organization in an underserved community and placed into the hands of a child who cannot afford their own equipment.

LPF Culture:

The LPF team culture attracts self motivated people who excel in an entrepreneurial environment, thrive in a workplace that invites innovation, and embrace collaboration. LPF is committed to providing opportunities for professional development to all staff. All LPF staff demonstrate a commitment to strengthening communities and a passion for youth sports participation.
